National Priorities Addressed

Issue Questions	Responses
-----------------	-----------

Local Issues Addressed

Issue Questions	Responses
1. Will the length of the contract be three (3) or less years with two (2) or less years of cost share and one (1) year of maintenance?	
2. Has an RMS, stewardship, or tree farm conservation farm plan been completed prior to August 1, 2008, on the parcel offered for the program contract?	
3. Has the applicant successfully completed all previous contracts offered? (Answer YES if applicant has never had a contract cancelled, terminated, or is actively applying (on schedule) any existing contracts not yet completed.)	
4. If approved, will this be the first contract offered to this applicant?	
5. Will this application contain practices that exclude cattle or other livestock from environmentally sensitive areas. (Examples are wetlands, stream side slopes, streams, and riparian stream buffers)? Mark no if no livestock are present	
6. Will the majority of the land offered in this application lie in a watershed designated on SCDHEC's 303d list of impaired watersheds or is in a watershed with an existing 319 project?	
7. Will this application contain at least one (1) practice that treats highly erodible fields or gullied areas?	

8. Will this application have practices that include buffers, field borders, invasive species control, or culturally sensitive crops?	
9. Will this application have at least one (1) practice that directly benefits threatened and endangered or at-risk wildlife species (plant or animal) as identified by NRCS, South Carolina DNR, and/or the US Fish and Wildlife Service?	
10. Will this application have at least two (2) or more practices applied on the same field or fields benefiting energy conservation, carbon sequestration, and climate change? (Use the energy practice list to identify approved practices)	
11. Will the application include practices that address longleaf pine habitat restoration?	
12. Is the land offered in the application a certified tree farm?	
13. Does the SC Wildlife Habitat Index for this application reflect a habitat net effect benefit of 0.50 or greater? (Planned index value - Existing Index Value)	
14. Has the applicant attended or completed an education event within the past year? (Examples are a field day, seminar, work shop, class room course, or others)	
15. Does the application include practices that benefit pollinators?	
16. Is the applicant currently using some form of alternative fuel in the operation?
