Application Ranking Summary
EQIP General FA

Program: EQIP 2009	Ranking Date:	Application Number:
Ranking Tool: EQIP General FA - Pasture, Hayland, and Farmstead	Applicant:	
Final Ranking Score:	Address:	
Planner:	Telephone:	
Farm Location:		

National Priorities Addressed

Issue Questions	Responses
-----------------	-----------

Local Issues Addressed

Issue Questions	Responses
1. Will the length of the contract be three (3) or less years with two (2) or less years of cost share and one (1) year of maintenance?	
2. Has an RMS conservation farm plan been completed prior to August 1, 2008, on the parcel offered for the program contract?	
3. Has the applicant successfully completed all previous contracts offered? (Answer YES if applicant has never had a contract cancelled, terminated, or is actively applying (on schedule) any existing contracts not yet completed.)	
4. If approved, will this be the first contract offered to this applicant?	
5. Will this application have practices that benefit livestock related resource concerns?	
6. Will this application address waste management (storage shed, dead animal mortality, etc.) for an existing operation that is two (2) or more years old?	
7. Will this application contain practices that exclude cattle or other livestock from environmentally sensitive areas. (Examples are wetlands, stream side slopes, streams, and riparian stream buffers)? Mark no if no livestock are present	

8. Will the majority of the land offered in this application lie in a watershed designated on SCDHEC's 303d list of impaired watersheds or is in a watershed with an existing 319 project?	
9. Will this application contain at least one (1) practice that treats eroded or gullied areas?	
10. Does the applicant currently practice prescribed grazing with the livestock or is it planned for the contract if selected for funding?	
11. Will the applicant incorporate the use of NWSG for grazing in this operation?	
12. Will this application have practices that include buffers, field borders, and invasive species control?	
13. Will this application have at least one (1) practice that directly benefits threatened and endangered or at-risk wildlife species (plant or animal) as identified by NRCS, South Carolina DNR, and/or the US Fish and Wildlife Service?	
14. Will this application have at least two (2) or more practices applied on the same field or fields benefiting energy conservation, carbon sequestration, and climate change? (Use the energy practice list to identify approved practices)	
15. Has the applicant attended or completed an education event within the past year? (Examples are a field day, seminar, work shop, class room course, or others)	
16. Does the application include practices that benefit pollinators?	
17. Is the applicant currently using some sort of alternative fuel in the operation?
